

Coach pins Deshawn against the wall. The two Muslims that are out in the hallway come towards them quickly.

COACH

You think this shit is a joke? You think that man is playing with you

Letting him go

MUSLIM1

You O.K. Coach?

COACH I'm good.

The coach holds the Muslims back.

COACH

They have ways of making you play. You have it good right now, but it can go real bad real fast. That cracker in there can call his officers. They will take your black ass in the box and beat you to the point of death and there won't be nothing you can do about it. Who you gonna tell in here? You are all you got.

DESHAWN

It's just not there anymore. The desire that made me who I am is not there anymore. It's gone.

COACH

Gone? Well you better find it. You think that girl will wait 15 years for you?

DESHAWN

I don't know.

COACH

I do. She won't. I bet there is someone out there right now trying to take your spot. You are just gonna sit on your ass and let it happen. I should let Mustaffa

COACH

here smack the shit out of you.

Muslim 1 steps up but Deshawn is not scared.

COACH

Cause you ain't got no dam sense.

The only way you'll get out of here is to win

this tournament. So get your head out of your

ass and let's get to work and win this thing.

Come on let me show you something.
